SECTION 1 – BACKGROUND

A. Introduction.

Maryland is a leader among states in health reform implementation and establishment of its Health Exchange. On April 12, 2011, Governor O'Malley signed into law the Maryland Health Benefit Exchange Act (Act) that established the Exchange as a public corporation and an independent unit of State government. In June, the Maryland Health Benefit Exchange Board was formally appointed and has been actively engaged in implementation activities. On August 12, 2011, Maryland was awarded a Level One Establishment Grant to support implementation of the Maryland Health Benefit Exchange, which will include initial administration of the Exchange, analytic support for policy development and operational changes.

Numerous policy, operational and implementation decisions still have to be made. One of the many issues the Exchange must address is how to coordinate consumer assistance activities and determine the role for the Exchange call center in facilitating enrollment, access and resolution of complaints. Maryland operates a number of call centers and resources to assist consumers with health insurance coverage. Maryland's goal is for consumers to have a seamless experience when they seek information and assistance related to health care coverage and benefits. Maryland needs to gain a better understanding of existing consumer assistance resources and call center capability before adding a new Exchange call center. The purpose of this RFP is to seek a contractor to support the Exchange to develop an inventory of current Maryland call centers and their capabilities, an analysis of consumer assistance data received through these call centers and develop a road map for how an Exchange call center can best coordinate with existing resources. Additionally, the Exchange may choose to exercise an option to have the contractor assess the technical feasibility of options for coordinating call centers.

B. Background.

Maryland has a number of existing consumer assistance resources that assist individuals resolve complaints about their health care coverage, get information about health coverage options and assist consumers applying for health coverage programs. This RFP seeks a detailed inventory of the existing consumer assistance resources that are housed within several different Agencies. Appendix I contains a recently completed description of Maryland's current consumer complaint, grievance and appeal processes pertaining to insurance carriers and the Maryland agencies that support and regulate the industry. This paper is intended to be a resource to the vendor selected under this RFP by providing a general understanding of existing health insurance dispute resolution mechanisms now available to Maryland consumers enrolled in private and publicly funded health insurance programs. The paper describes existing resources and the complaint, grievance and appeals processes available to the Maryland health care consumer through the Maryland Insurance Administration (MIA), the Maryland Office of the Attorney General, the Maryland Department of Health and Mental Hygiene (DHMH), the Mental Hygiene Administration (MHA), and the Maryland Health Care Commission (MHCC).

Through a separate RFP to be released, the Exchange is seeking to implement the technology platform for the Exchange. This will include call center technology that will be compliant with the requirements of the Affordable Care Act. Work under the technology RFP is anticipated to begin by January 2012. The work under the technology RFP, as well as the data collected during the initial review as outlined in this RFP, will affect whether the Exchange exercises the option for the Offeror selected under this RFP to assess the technical feasibility of options for coordinating call centers and the timing of this work.

C. Contractor Responsibilities.

The Exchange Board of Directors is seeking a Contractor to provide analytic support as the Exchange moves forward on Exchange implementation. The Contractor selected through this RFP process will support the Exchange staff to develop and make recommendations to the Exchange Board on strategies to coordinate consumer assistance call centers to efficiently use resources and maximize the seamlessness of the consumer experience.

The anticipated period of performance is November 29 through June 30, 2012.

The Exchange intends to make a single award to the Offeror whose proposal is deemed to be the most advantageous to the State. Offerors, either directly or through their sub-contractor(s), must be able to provide all services and meet all of the requirements requested in this solicitation.

The Exchange shall not assume any obligation to indemnify, hold harmless, or pay attorney's fees that may arise from or in any way be associated with the performance or operation of this Contract.
- D. The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from, or relating to, the Contractor's obligations under the Agreement, and will cooperate, assist and consult with the Exchange in the defense or investigation of any claim, suit, or action made or filed against the Exchange as a result of, or relating to, the Contractor's performance under this Contract.

9. **Non-Hiring of Employees.** No employee of the Exchange or of the State of Maryland, or any department, commission, agency, branch or unit thereof, whose employee duties include matters relating to or affecting the subject matter of this Contract, shall, while so employed, become or be an employee of the party or parties hereby contracting with the Exchange.

10. Disputes.

- A. As used herein, a "claim" means a written demand or assertion by one of the parties seeking, as a legal right, the payment of money, adjustment, or interpretation of contract terms, or other relief, arising under or relating to this contract. A voucher, invoice, or request for payment that is not in dispute when submitted is not a claim. However, if the

submission subsequently is not acted upon in a reasonable time, or is disputed as to liability or amount, it may be converted to claim for the purpose of this clause.

- B. Within thirty (30) days of when the Contractor knows or should have known of the basis for a claim relating to the Contract, it shall file a written notice of claim on its letterhead to the procurement officer. Contemporaneously with, or within sixty (60) days after filing the notice of claim, the Contractor shall submit the written claim to the procurement officer. The procurement officer shall issue a final, written decision on the claim as expeditiously as possible. Any final decision of the procurement officer may award a Contract claim only for those expenses incurred not more than thirty (30) days before the contractor initially filed its notice of claim.
 - C. If the final decision of the procurement officer grants the claim in part and denies the claim in part, the Exchange shall pay the Contractor the undisputed amount. Payment of the partial claim will not be construed as an admission of liability by the Exchange and does not preclude the Exchange from recovering the amount paid if a subsequent determination modifies the final decision.
 - D. Within thirty (30) days of receipt of the final decision of the procurement officer, the Contractor may file an appeal to the Executive Director of the Exchange for claims for monetary amounts up to \$75,000 and to the Board of Trustees for either claims for monetary amounts over \$75,000 or for claims involving non-monetary relief. If submitted to the Executive Director, a final decision resolving the appeal will be issued by the Executive Director. If submitted to the Board of Trustees, the Board of Trustees may determine that a hearing would assist in the resolution of any appeal. The Board of Trustees may elect to hold the hearing itself or may refer the matter for a hearing to a panel consisting of two or more members of the Board of Trustees or may refer the matter to a neutral decision maker. A final decision resolving the appeal will be issued by a vote of the Board of Trustees. The Contractor's timely appeal to the Executive Director or the Board of Trustees shall be a strict condition precedent to the Contractor pursuing any legal rights which it alleges or which may exist in any other forum.
 - E. Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the procurement officer's decision.
 - F. Nothing in this section shall be construed to limit the Exchange's right to withhold payments from the Contractor, assess liquidated damages against the Contractor, direct the Contractor to perform pursuant to the terms of the Contract or any written change order, or to exercise any other rights allowed by Contract or at law.
11. **Maryland Law.** This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.
12. **Nondiscrimination in Employment.** The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin, ancestry, or disability of a qualified individual with a disability; (b) to include a provision similar to that contained in subsection (a), above,

in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

- 13. Contingent Fee Prohibition.** The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Contractor, to solicit or secure this Contract, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or other consideration contingent on the making of this Contract. For breach or violation of this warranty, the Exchange may terminate this Contract without liability, or deduct from the contract price or consideration or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

14. Termination for Cause.

- A. If the Contractor fails to fulfill its obligations under this Contract properly and on time, the Exchange shall notify the Contractor in writing of such failure and the Contractor shall have the right to cure any alleged breach of its obligations under the Contract within the time specified in the notice from the Exchange. If the Contractor is unable to cure such breach during the specified time, the Exchange may terminate the Agreement by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. Notwithstanding the foregoing, if the Contractor violates any provision of the Contract, the Exchange may terminate the Contract by written notice to the Contractor.
- B. If the Exchange fails to fulfill its obligations under this Contract properly and on time, the Contractor shall notify the Exchange in writing of such failure and the Exchange shall have the right to cure any alleged breach of its obligations under the Contract. If the Exchange is unable to cure any such alleged breach, the Contractor may terminate the Contract by written notice to the Exchange.
- C. If this Contract is terminated under Section 14(A) or (B), (a) all finished or unfinished work provided by the Contractor shall, at the Exchange's option, become the Exchange's property but shall be provided on an "AS IS" basis, (b) the Contractor shall have no liability from the use of any such unfinished work, (c) the Exchange shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach, and (d) if the damages are more than the compensation payable to the Contractor, the Contractor shall remain liable after termination of this Contract and the Exchange shall be entitled to collect all appropriate damages from Contractor.

- 15. Termination for Convenience.** The performance of work under this Contract may be terminated by the Exchange upon 30 days written notice to the Contractor by certified mail to the Contractor's principal office, or from time to time in part, whenever the Exchange shall determine that such termination is in the Exchange's best interest. The Exchange will pay all reasonable and verifiable costs associated with this Contract that the Contractor has incurred

up to the date of termination, and all reasonable and verifiable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination.

16. **Suspension of Work.** The Exchange unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Exchange may determine to be appropriate for the Exchange's convenience.
17. **Financial Disclosure.** The Contractor shall comply with the provisions of Md. Code Ann., State Finance and Procurement Article, §13-221, which requires that every person that enters into contracts, leases, or other agreements with the State or its agencies during a calendar year under which the business is to receive in the aggregate, \$100,000 or more, shall within 30 days of the time when the aggregate value of these contracts, leases or other agreements reaches \$100,000, file with the Secretary of the State certain specified information to include disclosure of beneficial ownership of the business.
18. **Documents Retention and Inspection Clause.** The Contractor and sub-contractors shall retain and maintain all records and documents relating to this contract for a period of five (5) years after final payment by the Exchange hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the Exchange, including the procurement officer or designee, at all reasonable times.
19. **Compliance with Laws.** The Contractor hereby represents and warrants that:
 - A. It is qualified to do business in the State of Maryland and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
 - B. It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;
 - C. It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
 - D. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.
20. **Assignment.** This Contract shall not be assigned by either contracting party without the prior written consent of the other party.
21. **Liability.** For breach of this Contract, negligence, misrepresentation or any other contract or tort claim, Contractor shall be liable as follows:
 - A. For infringement of patents, copyrights, trademarks, service marks and/or trade secrets, as provided in Section 6 of this Contract;

- B. Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property;
- C. For all other claims, damages, losses, costs, expenses, suits or actions in any way related to this Contract, regardless of the form, Contractor's liability shall be limited to three (3) times the total dollar amount of the Agreement value up to the date of settlement or final award of any such claim. Third party claims, arising under Section 8, "Indemnification", of this Contract, are included in this limitation of liability only if the Exchange is immune from liability. Contractor's liability for third party claims arising under Section 6 of this Contract shall be unlimited if the Exchange is not immune from liability for claims arising under Section 6.

22. Prompt Pay Requirements

- A. If the Contractor withholds payment of an undisputed amount to its subcontractor, the Exchange, at its option and in its sole discretion, may take one or more of the following actions:
 - i. Not process further payments to the contractor until payment to the subcontractor is verified;
 - ii. Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
 - iii. Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
 - iv. Place a payment for an undisputed amount in an interest-bearing escrow account; or
 - v. Take other or further actions as appropriate to resolve the withheld payment.
- B. An "undisputed amount" means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such "undisputed amounts" include, without limitation: (i) retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and (ii) in amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.
- C. An act, failure to act, or decision of a Procurement Officer or a representative of the Exchange, concerning a withheld payment between the Contractor and a subcontractor under this provision, may not (i) affect the rights of the contracting parties under any other provision of law; (ii) be used as evidence on the merits of a dispute between the Exchange and the contractor in any other proceeding; or (iii) result in liability against or prejudice the rights of the Exchange.

- D. The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise (“MBE”) program.
- E. To ensure compliance with certified MBE subcontract participation goals, if greater than 0%, the Exchange may, consistent with COMAR 21.11.03.13, take the following measures:
- i. Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate: (a) Inspecting any relevant records of the Contractor; (b) Inspecting the jobsite; and (c) interviewing subcontractors and workers. Verification shall include a review of: (x) the Contractor’s monthly report listing unpaid invoices over 30 days old from certified MBE subcontractors and the reason for nonpayment; and (y) the monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding 30 days and invoices for which the subcontractor has not been paid.
 - ii. If the Exchange determines that the Contractor is in noncompliance with certified MBE participation goals, then the Exchange will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.
 - iii. If the Exchange determines that the Contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the Exchange requires, the Exchange may then: (a) terminate the contract; (b) refer the matter to the Office of the Attorney General for appropriate action; or (c) initiate any other specific remedy identified by the contract, including the contractual remedies required by this Directive regarding the payment of undisputed amounts.
 - iv. Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

23. Federal Department of Health and Human Services (DHHS) Exclusion Requirements.

The Contractor agrees that it will comply with federal provisions (pursuant to §§1128 and 1156 of the Social Security Act and 42 CFR § 1001) that prohibit payments under certain federal health care programs to any individual or entity that is on the List of Excluded Individuals/Entities (LEIE) maintained by DHHS. By executing this Contract, the Contractor affirmatively declares that neither it nor any employee is, to the best of its knowledge, subject to exclusion. The Contractor agrees, further, during the term of this contract, to check the LEIE prior to hiring or assigning individuals to work on this contract, and to notify the

Exchange immediately of any identification of the contractor or an individual employee as excluded, and of any DHHS action or proposed action to exclude the contractor or any contractor employee.

24. Legality; Severability. In the event that any part or portion of these Mandatory Contract Provisions shall be deemed by appropriate judicial or regulatory authority to be void, to be voidable, unenforceable, or contrary to applicable statutory or regulatory authority, or if any provision shall have been omitted contrary to the requirements of such law, then all other provisions hereof shall be unaffected thereby and shall remain in full force and effect. In such an event, if one party requests the other party, both parties shall endeavor to agree to such substitute language to the Mandatory Contract Provisions as shall best evidence their original intent hereunder, if there is no material harm thereby caused to the other party, and as shall best comply with all applicable requirements of law.

25. Maryland's Public Information Act. The Agreement is subject to Maryland's Public Information Act. Md. Ann. Code § 10-611 et seq.

IN WITNESS THEREOF, the parties have executed this Contract as of the date hereinabove set forth.

ATTACHMENT C – FEDERAL FUNDS REQUIREMENTS AND CERTIFICATIONS

A Summary of Certain Federal Fund Requirements and Restrictions

1. Form and rule enclosed: 18 U.S.C. 1913 and section 1352 of P.L. 101-121 require that all *prospective* and present sub grantees (this includes all levels of funding) who receive more than \$100,000 in federal funds must submit the form “Certification Against Lobbying”. It assures, generally, that recipients will not lobby federal entities with federal funds, and that, as is required, they will disclose other lobbying on form SF- LLL.
2. Form and instructions enclosed: “Form LLL, Disclosure of Lobbying Activities” must be submitted by those receiving more than \$100,000 in federal funds, to disclose any lobbying of federal entities (a) with profits from federal contracts or (b) funded with nonfederal funds.
3. Form and summary of Act enclosed: Sub recipients of federal funds on any level must complete a “Certification Regarding Environmental Tobacco Smoke, required by Public Law 103-227, the Pro-Children Act of 1994. Such law prohibits smoking in any portion of any indoor facility owned or leased or contracted for regular provision of health, day care, early childhood development, education or library services for children under the age of 18. Such language must be included in the conditions of award (they are included in the certification, which may be part of such conditions.) This does not apply to those solely receiving Medicaid or Medicare, or facilities where WIC coupons are redeemed.
4. In addition, federal law requires that:
 - A) OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations requires that grantees (both recipients and sub recipients) which expend a total of \$500,000 or more in federal assistance shall have a single or program-specific audit conducted for that year in accordance with the provisions of the Single Audit Act of 1984, P.L. 98-502, and the Single Audit Act of 1996, P.L. 104-156, and the Office of Management and Budget (OMB) Circular A-133. All sub grantee audit reports, performed in compliance with the aforementioned Circular shall be forwarded within 30 days of report issuance to the DHMH, Audit Division, 605 S. Chapel Gate Lane, Old School Building, Baltimore, MD 21229.
 - B) All sub recipients of federal funds comply with Sections 503 and 504 of the Rehabilitation Act of 1973, the conditions of which are summarized in item (C).
 - C) Recipients of \$10,000 or more (on any level) must include in their contract language the requirements of Sections 503 (language specified) and 504 referenced in item (B).

Section 503 of the Rehabilitation Act of 1973, as amended, requires recipients to take affirmative action to employ and advance in employment qualified disabled people. An affirmative action program must be prepared and maintained by all contractors with 50 or more employees and one or more federal contracts of \$50,000 or more.

This clause must appear in subcontracts of \$10,000 or more:

- a) The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- b) The contractor agrees to comply with the rules, regulations, and relevant orders of the secretary of labor issued pursuant to the act.
- c) In the event of the contractor's non-compliance with the requirements of this clause, actions for non-compliance may be taken in accordance with the rules, regulations and relevant orders of the secretary of labor issued pursuant to the act.
- d) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the director, provided by or through the contracting office. Such notices shall state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.
- e) The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Section 503 of the Rehabilitation Act of 1973, and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.
- f) The contractor will include the provisions of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the [federal] secretary issued pursuant to section 503 of the Act, so that such provisions will be binding upon each subcontractor vendor. The contractor will take such action with respect to any subcontract or purchase order as the director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for non-compliance.

Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 791 et seq.) prohibits discrimination on the basis of handicap in all federally assisted programs and activities. It requires the analysis and making of any changes needed in three general areas of operation- programs, activities, and facilities and employment. It states, among other things, that:

Grantees that provide health... services should undertake tasks such as ensuring emergency treatment for the hearing impaired and making certain that persons with impaired sensory or speaking skills are not denied effective notice with regard to benefits, services, and waivers of rights or consents to treatments.

- D) All sub recipients comply with Title VI of the Civil Rights Act of 1964, that they must not discriminate in participation by race, color, or national origin.

- E) All sub recipients of federal funds from SAMHSA (Substance Abuse and Mental Health Services Administration) or NIH (National Institute of Health) are prohibited from paying any direct salary at a rate in excess of Executive Level 1 per year. (This includes, but is not limited to, sub recipients of the Substance Abuse Prevention and Treatment and the Community Mental Health Block Grants and NIH research grants.)
- F) There may be no discrimination on the basis of age, according to the requirements of the Age Discrimination Act of 1975.
- G) For any education program, as required by Title IX of the Education Amendments of 1972, there may be no discrimination on the basis of sex.
- H) For research projects, a form for Protection of Human Subjects (Assurance/ Certification/ Declaration) should be completed by each level funded, assuring that either: (1) there are no human subjects involved, or that (2) an Institutional Review Board (IRB) has given its formal approval before human subjects are involved in research. [This is normally done during the application process rather than after the award is made, as with other assurances and certifications.]
- I) In addition, there are conditions, requirements, and restrictions which apply only to specific sources of federal funding. These should be included in your grant/contract documents when applicable.

Rev. 3/2008

CERTIFICATION REGARDING ENVIRONMENTAL SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source or applicable Federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing this certification, the offeror/contractor (for acquisitions) or applicant/grantee (for grants) certifies that the submitting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The submitting organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all sub recipients shall certify accordingly.
